

Brexit Adjustment Local Authority Marine Infrastructure Scheme 2022-2023

The Brexit Adjustment Reserve Local Authority Marine Infrastructure (BALAMI) Scheme 2022-2023 was a special one-off emergency instrument, designed to support economic sectors, businesses, and local communities and to support job creation and protection by distributing Brexit Adjustment Reserve funds to enhance, upgrade, modernise and develop Ireland's publicly owned coastal and marine infrastructure to facilitate diversification of economic opportunities.

The Department of Agriculture, Food and The Marine administered the Scheme.
