Inguiring why the suployment of a temporary substitute for the Matron has not been notified to them.

At the present time the financial andition of the Union is not satisfactory, but nithe new estinate the blest has taken the existing state of things into account of the priorness of the Minion will, therefore, shortly be on a consider basis.

The female vide of the institution is very clean, but the male side requires more attention in this respect; The lavalory arrangements for an enstitution of this single are not good. With regard to the sanitary condition of the Horkhouse, the pail system is in existence in the body of the house. I think, having regard to the size of the place I the muiber of minutes, the Guardeaus should consider the advisability of having the existing state of things suproved. There is a sufficient supply of clothing toedding, but a number of coats & trousers were in my opinion, not-fit to use of I would suggest that a Committee of the Evardians abunded meet with the view of condemning those articles of clothing which, in their opicion, are not worth Reeping. The reports for both schools at the last inspection by the National School Inspector were "Fair, this cannotbe considered as very satisfactory

The Matron has been ill & off duty for a month pastof is not-lekely to be well for some little time, Another sister has taken her place, but the change has notbeen reported to the Local Government Goard. The Acting Matron appears to be very capable, Some of the floors require attention, Home glaying requires to be done. I was informed that many years have passed since the House was painted I this should be done during the coming summer. The disiting bonunettee never meet. The requirements of Intelle 59 of the Horthouse Rules should be observed. The enfauts sleep with their mothers. I think cots should be privided for them.
