

General Notes:
 To be read in conjunction with the Architect's Specifications, the Engineer's Drawings and Specifications and the Works Requirements Generally.

New Internal Floors – Polished concrete to expose aggregate, refer to architects specification.

Existing walls of courtyard – Existing lime render to be removed and new 40mm thick cork line finish, ruled to mimic cut stone as existing. Refer to specification.

External walls – Spot repointing and repairs, refer to elevation drawings.

Ceilings – Refer to G-700 series drawings.

New walls to café – Blockwork construction, plastered, with curtain walling and aluminum cladding. Refer to elevations, details and schedules for full information.
